## FIELD OFFICE TECHNICAL GUIDE

### LOUISIANA NOTICE 450-299

The purpose of this notice is to inform NRCS conservationists of recent additions to Section IV of eFOTG.

The additions include:

**General Specifications for Waste Facility Closure (360), Waste Storage Facility (313), and Waste Treatment Lagoon (359):** These documents provide general guidance to the cooperator on the installation of the practice. Site specific construction details shall be added to the document, and the cooperator shall review the document and sign the included statement.

**Operation & Maintenance Plans for Waste Facility Closure (360), Waste Storage Facility (313), and Waste Treatment Lagoon (359):** These documents provide general guidance to the cooperator on how to operate and maintain the practice for its intended lifespan. Site specific guidance shall be added to the document when warranted.

**Documentation Requirements for Waste Facility Closure (360), Waste Storage Facility (313), and Waste Treatment Lagoon (359):** These documents provide NRCS employees useful references and minimum requirements for site investigation, survey, design, construction, layout, and checkout of the practice.

The Conservation Practice Standards for these practices have also been updated, but will be posted for public comment before posting to eFOTG.

Questions and/or comments should be addressed to John Jurgensen, State Conservation Engineer at (318) 473-7694.

Acting For  
Kevin D. Norton  
State Conservationist
